

**Notable Works Publication and Distribution Co., Inc.** is a non profit arts organization whose mission is to raise awareness for environmental and social issues through the arts in order to foster communication which will ultimately promote action. It is also the mission of our organization to help make the arts a more visible part of our community. Our organization encourages the creation and performance of original music, poetry, and art and provides a venue and increased exposure to local musicians, composers, poets and artists who are diverse in terms of their cultural, personal, professional and artistic backgrounds.

We hope that you will support our mission and our **2010/2011 Concert and Workshop Series** by making a tax deductible contribution to Notable Works.
